2022 Yonex Badmintonology Summer Showdown  
TEAM EVENT PROSPECTUS

RULES FOR MAIN STAGE:

1) EVERYONE MUST PLAY (MAIN STAGE):

Everyone in your team must play a minimum of 21 points (1 full games or 2 half games) in the first THREE (3) events. After the first three events, players can be recycled for ONE full game only (21 points, win by 2) or TWO half games only (11 points). THIS IS A TEAM EFFORT!!!!

Example: Team XYZ has 5 players: A,B,C,D,E ,, two ways to satisfy above rule:

- i) AB - doubles / C - singles / DE - doubles and recycle players if no winner after 3rd
- ii) AB - doubles, sub out B at 11pts for C  
E - singles, sub out E at 11pts for D  
AD - doubles, sub out A at 11pts for C

Exception: teams with three to four players may appear more often, but everyone must play

SWITCH-OUT RULES:

**SWITCH OUT AT 11:**

You may switch out ONE (1) player when either side first reaches 11 points. You may only do this ONCE per game. You do not get any additional point advantage at 11 points by subbing a girl at interval. However, you do get to keep your point advantage if a girl was started first.

POINT ADVANTAGE RULES:

**GIRL ADVANTAGE:**

One (1) girl in singles or doubles - starts with a +4 advantage only when they start versus men's doubles or singles. You keep the advantage at the 11 point switch-out. Advantage only applies at the beginning of each game.

Two (2) girls start with a +6 advantage only when they start versus men's doubles. You keep the advantage at the 11 point switch-out. Advantage only applies at the beginning of each game.

What if one side has 2 girls and the other side only has one during the start? Advantage is +4 to the two girls. You keep the advantage at the 11 point switch-out. Advantage only applies at the beginning of each game.

**SENDING OUT PLAYERS PRIOR TO A GAME**

COIN TOSS TO DETERMINE WHO SENDS OUT A TEAM FIRST (MAIN STAGE) Coin toss prior to playing each team to decide which side gets to send out players. If Team 1 sends out a singles player first, then for the next event Team 2 will send out its doubles pair first. Vice versa. Alternate who sends out teams.
