### RULES FOR MAIN STAGE:

1) EVERYONE MUST PLAY (MAINSTAGE):

Everyone in your team must play a minimum of 11 points in the MAIN STAGE in 5 events. Whether your team has won or lost, every member has to play if they haven't played yet. Your team may be disqualified or penalized if a team member is benched or hasn't played versus another team. THIS IS A TEAM EFFORT!!!!

2) LIMIT ON SINGLES PLAYERS (MAIN STAGE)

A player can only play ONE singles game or two halves of a singles game vs other team.

3) COIN TOSS (MAIN STAGE)

Coin toss prior to playing each team to decide which side gets to send out players. If Team 1 sends out a singles player first, then for the next event Team 2 will send out its doubles pair first.

### POINT ADVANTAGE & SWITCH-OUT RULES:

#### **SWITCH OUT AT 11:**

You may switch out 1 player when either side reaches 11 points. You may only do this ONCE per game. You do not get any additional point advantage at 11 points.

#### **GIRL ADVANTAGE:**

One (1) girl in singles or doubles - starts with a +5 advantage only when they start versus men's doubles or singles. You keep the advantage at the 11 point switch-out. Advantage only applies at the beginning of each game.

Two (2) girls start with a +7 advantage only when they start versus men's doubles. You keep the advantage at the 11 point switch-out. Advantage only applies at the beginning of each game.

What if one side has 2 girls and the other side only has one during the start? Advantage is +5 to the two girls. You keep the advantage at the 11 point switch-out. Advantage only applies at the beginning of each game.
